EARTH'S CRY, HUMANITY'S CALL: A SYMPOSIUM ON INTEGRAL ECOLOGY

"The deterioration of the environment and of society affects the most vulnerable people on the planet."

-Laudato Si'

Secretary-General of the United Nations
Antonio Guterres will deliver the keynote address.

Join us at Siena College or via livestream for a two-day symposium on sustainability and integral ecology. Speakers and sessions will address the global realities of the climate crisis, as well as efforts that can be undertaken by individuals and organizations to address this most urgent issue.

Siena College vows to be a global leader in higher education in its devoted responses to the cries of the poor and the planet, as articulated in the papal encyclicals Laudato Si' and Fratelli Tutti.
