### Brief Overview of the Policy

Faculty must adopt flexible attendance policies that recognize the potential need for students to self-isolate.

#### Reason for Policv

To help prevent the spread of COVID-19 in the classroom.

#### Scope of the Policy: Entities or Individuals affected by this policy

All faculty.

#### The Official Policy

To prevent the spread of COVID-19, we must require students to self-quarantine if they have symptoms or have been exposed to the virus. Therefore, we need to have policies that discourage students from attending in-person classes during the semester in these circumstances. One of the reasons we are providing lecture-capture equipment in classrooms is to allow students to continue to "attend" class remotely. In the event that a particular room is not so equipped. IT will provide portable technology that will permit recording through Canvas. The Health Center will provide a notice if students are in these self-guarantine categories, but even those with mild symptoms who may not go to the health center should self-isolate. Therefore, faculty must adopt attendance policies that may be more flexible than usual to accommodate students who are doing the right thing by not attending. If you have questions about a particular student or situation, please contact the Health Center (health@siena.edu) or SASE (studentsuccess@siena.edu) so appropriate staff can follow up.

Adopted: July 28, 2020
